POSITIVE THINKING DURING COVID-19

In initial days, Corona Virus Disease (COVID-19) was associated with China, but in a short span, it has affected almost all the countries, societies & health systems and disrupted varying spheres of social, political and economic conditions globally. A virus has sent humankind packing home, locking down countries and cities, trade and commerce, bringing life to a halt.

The COVID-19 situation is definitely a catastrophe for the world, but it doesn't mean the end of the world. Despite dark clouds of gloom, silver linings are emerging bright enough to bring hope. This is what we need to focus on. For sure, this disaster will also leave the population more sensitized about cleanliness, personal hygiene and healthy ways of life.

In Latin, 'Corona' means 'Crown'. Crowns belong to God, Ishwar — the Absolute, nurturing our cosmos. The psalmist says that God has placed human beings "little lower than God, and crowned them with glory and honour." As created beings, we have dethroned God and crowned ourselves as demigods with material attachments and power. These crowns have crumbled. Mother Earth invites us to open up despite closedowns — to breathe deeply and savour the once-silenced symphony of insects and birds.

When we face upheavals arising from unexpected circumstances like current Covid-19, 'Bhagwad Gita' helps us in calming down. Lord Krishna says, "Arjuna, the contact of senses and their objects that results in the experience of sensation in heat and cold, pain and pleasure, are ephemeral, short-lived and transitory; therefore, endure and tolerate them." Change is the law of nature; heat and cold, agony or sufferings are also subject

Death being so certain, it is better to die for a good cause.

to change. No condition is permanent. While it is important to take this pandemic seriously and act responsibly, it is definitely not the time to panic.

It is imperative that everyone follows the rules like keeping personal hygiene, washing hands frequently, maintaining social distance etc. Initially, they might appear challenging, but they aren't hard to practice. If you observe, these mannerisms have been integral part of many traditional cultures. The ancient philosophy of YOGA lays great emphasis on cleanliness, not only of the body but also of the mind and the surroundings.

Even great epic Upanishads had warned, "By unrighteousness man prospers, gains what appears to be desirable, conquers, but perishes at the root." Our insatiable desires have led us to destroy the environment that nurtures us. In order to survive, we have to fall in line with nature's rhythm. Nature can survive — in fact, thrive — without human beings, but we cannot survive without nature - the life giver. Progress should be in balance with protection and preservation. Everything around us is interconnected. It makes us reflect seriously, to step back and assess, how far we have come and how it has affected our surroundings and the Earth itself. We need to live with 'sadbhavana', in oneness with all other cohabitants of earth.

Our lesson from these unprecedented disasters have always been and will always remain the same — to move from fear to love, from selfishness to selflessness, from taking to giving, from hoarding to distributing and sharing, and towards humanity and oneness. As and when we realise this, we stop feeling scared, spreading panic & anxiety, start becoming stronger, start trusting ourselves and our divine nature, put our faith in a higher power and surrender, let go, trust, accept, love, hope, forgive and be peaceful, our vibrations will rise to higher levels, and the threat from COVID-19 will recede.

These catastrophes like Covid-19, tsunamis and floods are nothing but course corrections for a population gone off track. If we correct ourselves and rise in our vibrations, the threat will be over. It is totally up to us, after doing everything we need to do on the physical level to face these circumstances, to raise ourselves and focus more on love, joy, peace, trust and hope.

All our deeds, good or bad, have a ripple effect. Perhaps this pandemic will bring about transformation of global consciousness that we are all part of the whole. Once good habits and lifestyles of humans have been re-cultivated and love gets more importance than materialistic possessions, positive forces shall prevail. Infact, this is the 'Grand Clearing'. We are being called to slow down, confront ourselves in the screaming silence and begin to heal, grow & rise. We should not only be grateful for this cosmic reminder to empower ourselves but make sure to take away from this opportunity, reaffirmation of our faith in care, compassion and humility for all.

If human beings can spread a virus just by coming in the vicinity of each other, why can't we use the same principle to spread joy, passion and concern for each other? Lots of people are doing kindness and charity to help others. Nature returns to us what we give to it. So let's love our fellow-beings, be more compassionate and exude more service to humanity. This is a temporary phase of uncertainty. Mankind has fought against and prevailed over such threats before also. Time indeed is the great healer. Let's give time with patience, courage and compassion. Be assured that we will overcome this contagious situation courageously with the divine blessings of Paramhans Sant Hirdaram Sahibji.

❧ SALUTATION TO OUR DONORS FOR ❧ EXTENDING SUPPORT TO SERVE COVID-19 SUFFERERS

Providing ration to the needy families to combat Covid-19 pandemic situation

One thing that has been made clear to the global community by the corona-virus is that all of us are radically inter-dependent; that no person or country is an island unto himself or itself; and that our common survival is intimately bound up in the welfare of our needy & less-privileged brethren.

The Corona Virus (COVID-19) outbreak brought the world at its knee and created an international pandemic emergency situation resulting in many needy & homeless people facing shortage of food & essential items required for their survival. Beyond that, the lockdown has adversely affected the lives of the most vulnerable communities across the country, such as migrant labourers, waste pickers, artisans, daily-wages workers & temporary workers.

To cushion the impact of the crisis on these less-privileged sections and to ensure their access to essentials, Jeev Sewa Sansthan(JSS) carried out following relief works intensively from the very first day of lock-down i.e., 25th March' 2020:-

- Serving Food packets to the destitute in most affected areas.
- Providing rations to under-privileged families.
- Feeding grass to cows and food to street dogs/animals.

- Feeding grains to birds.
- Distributing Masks, Sanitizers, Soaps & hand-washes on regular basis.
- Arranging food packets, water & biscuits for migrant workers at Sant Hirdaram Railway Station who were going to their native place through specially dedicated 'SHRAMIK TRAIN'.
- Providing medicines to needy patients.
- Spreading awareness amongst local residents, slum dwellers, children & senior citizens etc. about the precautions & safety measures to be followed during this Covid-19 outbreak.

The magnanimous support extended by our philanthropists during this unprecedented situation truly depicts their compassion and altruism transcending boundaries of region, language and ethnicities. As we journey through this pandemic together, let us shine the light on humankind, on humans being kind to one another, taking care of each other, seeing each other through. It is in our compassion and generosity that we experience the essence of relationships that makes us truly human.

❧ JSS CONTRIBUTES TOWARDS 'PM CARES FUND' ❧

The Prime Minister's Citizen Assistance and Relief in Emergency Situations Fund (PM-CARES) was created by Prime Minister, Shri Narendra Modi on 28th March 2020, to enable the citizens to contribute to the government's containment & relief efforts against the COVID-19 outbreak. It is a dedicated national fund which has been opened up for donations from abroad too, after it was exempted from the Foreign Contribution Regulation Act (FCRA). Every penny contributed to PM-CARES fund, is aimed to be utilised to better the lives of sufferers who are at the highest risk, financially and otherwise.

In every emergency or crisis-be it an earthquake, a flood, or a war, Jeev Sewa Sansthan being a charitable organisation is always ready to extend support for humanitarian causes. The pandemic Covid-19 emergency has been no exception. At the beginning of the crisis, Jeev Sewa Sansthan, in addition to running various benevolent activities, contributed Rs.2.50 lacs towards "PM-CARES". The selfless efforts of Jeev Sewa Sansthan are in

solidarity with the nation and its people at this time of a crisis, to support our government in their work towards their relief & rehabilitation.

As India struggled with rapid rise in the number of Covid-19 sufferers & deaths, Jeev Sewa Sansthan appealed to many philanthropists requesting them to donate directly to the government through "PM-CARES". Our efforts were fructified when prominently one of our renowned well-wishers of Hong Kong, Shri Tekoo Mahibubani and one of the charitable organisations, Sant Hirdaram Corpus Fund Trust (SHCFT) contributed directly to "PM-Cares". Many more are to quote but the list is too long & therefore it is very difficult to mention their names here.

Jeev Sewa Sansthan expressed heartfelt gratitude to Shri Tekoo Mahibubani, esteemed members of SHCFT & all other philanthropists for their support in this unprecedented situation. Our joint selfless efforts reveal true patriotism towards the nation and optimistically look forward to see our triumph over this pandemic covid-19 situation very soon.

TRANSFORMATION

Do not try to change a person by sermons and directions because it creates a resistance from that person because of his ego.

Instead, if you love him, he is able to see his ills in the height of your love clearly in the peaceful state of mind. Light of yours is able to remove the darkness of ills in the life of others and works as a right tool for transformation.

Love is the greatest transformation tool.

❧ LIFE SAVING GESTURE ❧

SUCCESSFUL PLASTIC SURGERY OF HUSNA BEE

Anyone would be pained to see the unfortunate condition of Husna Bee (name changed) who was burnt by her husband ten years ago. After this incidence, her husband was sentenced to seven years imprisonment. She suffered from severe pain as well as faced lot of atrocities in her in-law's family. She was unable to raise her head as her chin was joined with throat. Besides, while sleeping she was unable to close both of her upper eye lids.

Realising the pathetic condition, her father brought her to his home. She told that her face was so frightening that the children of village did not attend her coaching class. Due to social ignorance, nobody even came to her for stitching & sewing work.

The patient's father is a farm labourer who earns meagre income. Due to weak financial condition, it was really impossible for them to afford expensive

treatment. One of their well-wishers informed them about the free plastic surgery camp to be organised in Sewa Sadan Eye Hospital, Sant Hirdaram Nagar.

The father immediately brought his ailing daughter to the hospital. The team of plastic surgeons from USA successfully operated the patient separating the chin from throat. After surgery, her face is almost cleaned from burning scars & wounds.

Words are insufficient to describe the happiness reflected on the faces of Husna Bee & her father. She hopes that now her students will join the coaching class and sewing & stitching work will begin.

Her father while appreciating the excellent selfless services of volunteers & management staff of Sewa Sadan Eye Hospital became sentimental and expressed that this is not mere a hospital but '**A HOME OF ALMIGHTY GOD**'.

He, who struggles, is better than he who never attempts.

THALASSEMIA CHECK-UP CAMP ORGANISED IN EDUCATIONAL INSTITUTIONS OF SHKES

Dada Thadaram Tolani, Trustee of Tolaram Sewa Sankalp, Mumbai addressing students of NHLPS & SHGC during Thalassaemia Check-up Camp in the pious presence of Rev. Siddh Bhauji.

Thalassaemia is blood-related genetic disorder involving the absence of or errors in genes responsible for production of haemoglobin, a protein present in red blood cells.

Over 500 students & teachers of Sant Hirdaram Institute of Management, Sant Hirdaram Girls College, Sant Hirdaram Medical College of Naturopathy & Yogic Sciences & Navnidh Hassomal Lakhani Public School participated in Thalassaemia Check-up camp organised on 8th & 9th Jan'2020 where they were briefed about Thalassaemia and their blood samples were tested for Thalassaemia under the direction of Resp. Dada Thadaram Tolani, Trustee of Tolani Sewa Sankalp, Mumbai.

Speaking on the occasion, Dada Thadaram Tolani said, "Thalassaemia is a hereditary disorder hence it is essential that thalassaemia testing be done before marriage. Unfortunately, still many people are not aware that they could be carrying the thalassaemia trait which is passed on to the next generation. Every year over 10,000 children are born with Thalassaemia and three to four per cent carriers among the population. Hence, the need of the hour is the awareness of a comprehensive genetic testing for both parents. When two such thalassaemia carriers marry and plan to have children, there is a one-in-four chance of having a thalassaemic child at every conception. If both are non-carriers, they need not worry. Over one lakh thalassaemia patients across the country die before they turn 20 due to lack of access to treatment."

While expressing gratitude towards Dada Thadaram Tolani, Rev. Siddh Bhauji motivated the students to get their blood test at very nominal rate so as to know about their Thalassaemia status which will help them to find appropriate match while marrying.

Shri Hero Gyanchandani, Director, SHKES, Dr. Charanjit Kaur, Principal, SHGC, Mr. A.C. Sadhwani, Secretary, SHKES, Mr. Manish Jain, Principal, NHLPS attended this camp and blessed the students with excellent health & wonderful fortune.

SIMPLICITY

A king kept a big prize for any one who could solve his puzzle and got announced in his kingdom. A renowned mathematician, a famous philosopher and a simple man entered in the competition to solve the puzzle.

King took all the three competitors in a big room having only one door and told that he is going out after closing the only door in the room and they have to come out. The mathematician and philosopher were busy with their reference books to search a solution of such puzzle. The simple man

was walking in his room effortlessly and reached the door and pushed it to open. To the surprise of all, the door opened easily and immediately as it was not locked from outside by the King. The king gave a big prize to the simple man which a mathematician and philosopher could not win.

Life poses simple problems but due to our complexity, we do not explore simple solutions. Saints always preach to be simple because simplicity has capability of solving big problems easily.

Death being so certain, it is better to die for a good cause.

❧ COMPUTER LAB SET-UP IN A.T. SHAHANI SCHOOL BY ❧ MRS. ANUBHA & MR. SADASIBA MISHRA (DUBAI)

Nowadays, computer education is the need of the hour which develops confidence & innovative thinking amongst students who are the future leaders. In the present era, computer education is backbone of the education system which is absolutely essential in helping the students to secure better jobs in the long run. In order to make learning more effective, computer education has also been integrated into the curriculum of the A.T. Shahani School.

Realizing the dire need of the students, Mrs. Anubha & Mr. Sadasiba Mishra, renowned philanthropic couple of Dubai contributed generously towards purchasing 21 computers for setting-up computer lab with modern multimedia facilities in A.T. Shahani School being run by Nav Yuvak Sabha, one of the sister organizations of Jeev Sewa Sansthan (JSS) which has been imparting quality education to the needy & less-privileged children.

❧ PHILANTHROPIC GESTURE OF ❧ 'LALCHANDANI FAMILY'

The COVID-19 pandemic situation has caused severe global socio-economic disruption including the largest global recession. The lockdown ultimately led to shutting down all our organizations- be it schools, colleges, eye hospital, Arogya Kendra etc. confining all the employees to their homes and ceasing almost all service activities. Without any income, we were most bothered about managing the wages of employees of Arogya Kendra.

Under these unprecedented circumstances, Mrs. Sita & Dr. Ram Lalchandani, eminent philanthropic couple from USA, extended helping

hand for meeting out the salaries of employees of Arogya Kendra. It is exemplary to see that Mrs. Sita & Dr. Ram Lalchandani are carrying forward the legacy of their beloved father Pujya Dada N.N. Lalchandani who was staunch disciple of Brahmleen Paramhans Sant Hirdaram Sahibji and had special inclination towards "Arogya Kendra" which he used to treat as his dream baby.

Jeev Sewa Sansthan & Arogya Kendra express gratitude to 'Lalchandani Family' for always being our big support which encourages us to move ahead on this path of selfless service.

PHILANTHROPIC GESTURE OF “MELWANI FAMILY”

The lockdown due to Covid-19 brought hardships both for parents and schools, calling for careful planning of finances to manage the situation. Realizing the agony of parents, the government directed the school authorities not to charge any activity fees from the students. Such unprecedented situation left all the educational institutions in uncertainty & helplessness. During the lockdown period, the virtual/online classes were being conducted for students by the teachers from their homes to ensure continuity of education.

Despite no income, during the lockdown period, Mithi Gobindram Public School (MGPS) an English Medium School affiliated to CBSE and setup by “Melwani Family” from Hong Kong & Lagos in the loving memory of their parents, required funds to pay the salaries of teachers and non-teaching staff that mostly belong from middle class/ lower middle class families and are solely dependent on their salaries. As per the guidelines given by the

government, the salaries of the staff had to be paid without any reduction.

Under such trying & testing circumstances, we prayed to the Almighty & Paramhans Sant Hirdaram Sahibji to make someone instrumental who can provide some ease to come out of this economic crunch.

During this unprecedented situation, Resp. Dada U G Melwani & Mr. Mohit Melwani extended their benign support to meet the salaries of teaching & non-teaching staff who are the back-bone of this school & are doing great ‘Sewa’ even at this time of emergency.

Jeev Sewa Sansthan & MGPS convey heartfelt gratitude to ‘Melwani Family’ for their magnanimous support in ‘Shewa Karyas’ particularly for setting up this school. Presently, the School has strength of around 1500 students and has earned an impressive reputation amongst the popular schools of the city.

PHILANTHROPIC GESTURE OF ‘DARYANANI FAMILY’

Daryanani, renowned philanthropists of Hong Kong contributed significantly to Jeev Sewa Sansthan to provide rehabilitation products to specially able persons in the loving memory of their beloved father, Resp. Dada Tejkumar Daryanani. It is really praiseworthy that the legacy of philanthropy, which was started by Resp. Dada Tejkumar Daryanani is being carried forward by their sons, Mr. Deepak & Suraj Daryanani.

On the occasion of 123rd Birthday Anniversary of our freedom fighter, Netaji Subash Chandra Bose i.e., on 23/01/2020, Kalyanam Karoti, Lucknow organised a camp in which as many as 277 specially-able persons were provided rehabilitation products like tri-cycles, wheel chairs, Callipers, Crutches, Prosthetic legs, sticks, hearing machines etc. The Chief Guest of this occasion was Mr. G B Patnaik, Retd. IAS. Various dignitaries, ministers, social activists, local residents & volunteers etc. graced the occasion.

Jeev Sewa Sansthan & Kalyanam Karoti, on behalf of all the beneficiaries, express gratitude to entire ‘Daryanani Family’ for their philanthropic gesture of illuminating the lives of specially able persons by providing rehabilitation & mobility products enabling them to earn their livelihood and self-respect.

There are several people with disabilities in India. Most of them come from the lower strata of society, where disability is viewed as a curse primarily due to lack of education. Besides, their disability prohibits them from coming out of their shell. They end up becoming a burden to themselves, their parents, community and society at large. Or they sink into depression and frustration and perish at a pre-mature age.

In order to fight against this demon, Mr. Deepak & Suraj

“The past does not define you, the present does.”

❧ ADDITIONAL FLOOR CONSTRUCTED IN ❧ 'DASWANI RATTI GIRLS HOSTEL'

With the benign support of Mrs. Sheila & Mr. Ishwar Daswani and Ratti Trading Foundation, Dubai, Daswani – Ratti Girls Hostel was set-up in 2011 in the campus of Sant Hirdaram Girls College. An excellent infrastructure, hygienic, safe & conducive home like environment, round the clock security, nutritious meals, caring warden & helpers are the most appealing features that motivate the parents to send their daughters to our colleges. The students of Sant Hirdaram Girls College, Sant Hirdaram Institute of Management & Sant Hirdaram Medical College of Naturopathy and Yogic Sciences, are residing in this hostel. Further, due to inclusion of new courses and significant increase in intake of students permitted by statutory education bodies in MBA, MAM, BNYS courses etc. there was significant increase in

number of admissions mainly consisting of outstation children who certainly required hostel facility.

To cope with this situation & acceding to the request of JSS, Resp. Mrs. Sheila & Mr. Ishwar Daswani, Dubai extended substantial support for construction of this additional floor (4th Floor). This floor has been completed

Even when life challenges us, it's a gift beyond all measures

successfully thereby accommodating 60 new students. This additional floor cost us around Rs. 1.00 Crore which was given by Resp. Dada Ishwar Daswani. He is associated with us since more than two decades & has been extending support in our various benevolent activities. He has visited Sant Nagari(Bhopal) & viewed all our 'Shewa Karyas' through which more than 2.5 million persons have been benefitted till date.

RETINOPATHY OF PREMATURITY (ROP) AT SSEH

Retinopathy of prematurity (ROP) is emerging as a significant cause of severe visual disability in children in developing countries. If not treated on time, ROP can lead to irreversible blindness. Owing to the asymptomatic nature of the disease in its early course, a good screening protocol is pivotal for early detection and treatment of this avoidable and treatable disease. Babies born less than 34 weeks gestational age or less than 1500 gm should be screened for ROP within the first month of life. The incidence of ROP in India is reported at 24-47%.

Resp. Dada K H Lakhani (Hong Kong) & Mr. Manu Chatlani of Have a Heart Foundation (HAHF), Bengaluru took the initiative to implement ROP Program in Sewa Sadan Eye Hospital(SSEH). Mr. Manu Chatlani, a kind hearted philanthropist from Bengaluru and key person of 'Have a Heart Foundation' kindly assured to extend as well as procure support for setting up this immensely useful project in Sewa Sadan Eye Hospital.

To raise the funds for ROP program, CSR team of

HAHF headed by Mr. Manu Chatlani approached many companies, Industries, Foundations etc. Finally, his selfless efforts fructified when one of the major conglomerates, **M/s Bal Krishna Industries Ltd.(Mumbai)** contributed for purchasing the machines & meeting training cost of optometrists for running these machines.

Dada K.H. Lakhani, a great philanthropist of Hong Kong & one of the trustees of Jeev Sewa Sansthan has kindly assured to provide support for operational expenses of screening/ surgery of children.

JSS & SSEH express gratitude to Resp. Dada K H Lakhani, Mr. Manu Chatlani, team of HAHF(Bengaluru) & management of M/S Bal Krishna Industries Ltd.(Mumbai) for their support for equipments & machinery and implementing ROP project in Sewa Sadan Eye Hospital which will prove to be a boon in the lives of numerous sightless infants & neo-natal children who are real form of GOD by restoring their vision and enabling them to see this beautiful world.

PHILANTHROPIC GESTURE OF 'ARASU FAMILY (LONDON)'

At present, the eye patients of Bhopal & surrounding areas who require "Specialized Treatment" are referred to other Super Specialty Eye Hospitals at Delhi, Mumbai, Chennai, Hyderabad etc. & these patients cannot afford to go to these big cities for the treatment due to their economic condition which ultimately leads to blindness.

Keeping in view the above factors, Jeev Sewa Sansthan, with the support of philanthropists like Resp. Dada K H Lakhani (Hong Kong), Dr. Ram Lalchandani (USA) & many more, planned to set up Super Specialty Eye Hospital on 5.00 acre land at Gandhinagar-Ayodhya Bye-pass Square near International Airport Bhopal. The construction of hospital is under progress. A sum of Rs. 7.00 Crores has already been incurred on construction.

Considering our genuine request & in order to extend support in our mission of "Eradicating Blindness",

Dr. (Mrs.) Pamela & Dr. Rajah Arasu from London (UK) kindly contributed towards sponsoring the basement of SEWA SADAN SUPER SPECIALITY EYE HOSPITAL. Most of the public utilities/facilities like cafeteria, canteen, changing rooms, house keeping, laundry, generator room, A.C. plant etc. are proposed in the basement of this hospital.

We salute to the philanthropic gesture of 'Arasu Family' in the form of sponsoring this basement where above activities will take place which would be of immense utility. We are sure this Eye Hospital will prove to be one of the best super-specialty eye hospitals of the country where numerous sightless patients will be benefitted by restoring their eye sight.

We take this opportunity to request our other philanthropists to extend their helping hands for sponsoring various blocks of Sewa Sadan Super Speciality Eye Hospital (details given on page#28 to 31).

HUMBLE APPEAL

BE A SAVIOUR OF LIFE BY SPONSORING HEART SURGERIES

As per the recent survey, heart-diseases have become the biggest killer of modern time. As per survey report, heart diseases kill 2.1 million people in India every year, and this figure is expected to rise significantly with every passing year. The numbers are horrific in India where 32% of adult deaths are due to heart diseases. A combination of poverty, ignorance and lack of access to quality care due to poverty are driving heart diseases-related deaths in India.

It is heartening to place on record and acknowledge that **Resp. Dada K H Lakhani**, kind-hearted & great philanthropist from Hong Kong has been sponsoring every year 365+ surgeries, of numerous heart patients since last many years. Till date, 1050 heart patients have been successfully operated with the kind gesture of Dada Lakhani through '**Have a Heart Foundation, Bengaluru**' in tie-up with leading 10 hospitals in 4 cities namely, Bengaluru, Chennai, Jaipur & Kolkata. Things do not stop here. In addition to the regular surgeries being sponsored, Resp. Dada Lakhani celebrates the birthdays and marriage anniversaries of his family members by sponsoring heart-surgeries matching to the number of Birthdays/Marriage Anniversaries. Recently on 50th Birthday of his daughter-in-law, **Mrs. Sapna**, he sponsored additional 50 heart-surgeries. All we can say that Dada Lakhani has been sent on this earth as '**Messenger of the Almighty**' with the purpose of serving His suffering creation & helping them to live normal lives.

You are aware that heart surgeries are very expensive and beyond the reach of economically weaker sections of the society. We are fortunate to have everything & therefore, it is our moral responsibility to

save our ailing heart brethren and give re-birth to humanity who may be a grand-father, grand-mother, son, daughter, father, brother or sister of someone whose life may be dependent on him/her. Your small gesture will not only save life of a bread winner, but also provide support to the entire family. Ultimately, it would save the community & nation as a whole. Infact, your support will be engraved on the heart of the entire family who will emanate infinite blessings.

Rev. Siddh Bhauji directed us to float this inspiring act of "True Karma" of Resp. Dada Lakhani and approach to one and all the philanthropists to be a savior of the life by contributing small amount of Rs.30,000/- per patient.

MODUS OPERANDI TO BE A SPONSOR & SAVIOUR FOR HEART SURGERY

The needy & less-privileged heart patients require heart surgery and seek help from 'Have a Heart Foundation, Bengaluru' (HAHF) which is a registered charitable organisation based in Bengaluru with the noble mission of providing support to the ailing heart patients. Since inception, HAHF has supported more than 13600 patients for surgery with a sponsorship of amount of Rs.42 crores. Hospitals tied up by HAHF are Narayana Hrudayalaya, Sri Jayadeva Institute of Cardiovascular Science & Research, 3 hospitals of Sakar World Hospital (all at Bengaluru); Rabindranath Tagore International Institute of Cardiac Science, Kolkata, Narayana Hrudayalaya (Jaipur), Chettinad Super-speciality Hospital, Sooriya Hospital and Dr. Kamakshi Memorial Hospital (all at Chennai).

No one is useless in this world who lightens the burdens of others.

PROCEDURE FOLLOWED BY HAHF

HAHF's commitment to Donors is that every patient is met and interviewed by representatives of HAHF to find out the affordability of the patient/family. The information is collected through a Proforma which contains socio-economic information about the family & patient.

On the basis of information, affordability of the patient /family is analysed.

Once the patients are assessed and approved from the Foundation, the approval is sent to the network hospitals. The package provided to HAHF remains unchanged irrespective of the number of days patients stay in the hospital. This is the USP of the program.

With this, the families contribute what they are supposed to contribute and balance is contributed in the following manner to make it possible for families those who thought they would not have the surgery.

On an average, the cost incurred on a heart surgery is around Rs. 1.50 Lacs. Out of this, generally Rs. 70,000/- is arranged by the patient and balance amount of Rs. 80,000/- is contributed jointly in following manner:-

Contribution by	Amount Contributed
Charitable organisations (Rotary Club/Lions Club/Tata Trust etc.)	Rs. 20,000/-
Have a Heart Foundation	Rs. 30,000/-
Donor like your goodself	Rs. 30,000/-

It is worth mentioning here that in number of cases, due to weak financial condition, patients are not able to contribute expected amount. In such cases, Resp. Dada Lakhani contributes the shortfall irrespective of amount, ranging from 50,000/- to 1,00,000/-, so as to ensure that one's life is saved.

Thus, with a small contribution of Rs.30,000/- per patient, donor will be denoted as 'Sponsor for Heart Surgeries' and name alongwith details of the patient who underwent heart-surgery will be provided to the donor who will be known as 'SAVIOUR OF LIFE'. One can sponsor any number of surgeries as per one's wish.

One can send DD / Cheque favoring "Jeev Sewa Sansthan" payable at Bhopal. Alternatively, the funds for the purpose can be remitted directly in Bank A/C of "HAVE A HEART FOUNDATION", the details of which are as under:-

NAME OF THE BANK	UNION BANK OF INDIA

All local donations are exempted from Income Tax U/S 80(G).

As it is rightly said, *"If noble deeds are performed selflessly & pure heartedly, the Almighty will give back manifolds and bring laurels in the lives of benefactor & his family members."*

APPEAL

Respected Philanthropists,

A Step Towards Eradication of Blindness Through

SEWA SADAN SUPER SPECIALITY EYE HOSPITAL
Gondarmau, Gandhinagar - Ayodhya Bye-Pass, Bhopal

BRIEF OF SEWA SADAN EYE HOSPITAL
(Existing Eye Hospital)
(A Synonym of Sight Saviour &
Dedicated in Service to Humanity)

With the blessings of Paramhans Sant Hirdaram Sahibji and motivation of Rev. Siddh Bhauji, Sewa Sadan Eye Hospital Trust came into existence in 1987 after the infamous Bhopal Gas Tragedy to serve the suffering humanity, as eye was the most affected part in the tragedy. Providing quality treatment, that too at nominal cost, has been attracting numerous eye-patients due to which the turn-out of patients has enhanced with every passing day. Almost 100 Free Eye Camps are being organised thereby serving 127,000+ eye patients every year. This hospital is situated in a residential area and insufficient to cope with the emerging needs of the patients. Secondly, many eye patients require “specialized eye treatment” for which they are being referred to other Super Specialty Eye Hospitals at Mumbai, Chennai, Hyderabad, Delhi etc. Unfortunately, many of these

patients cannot afford to visit these places for proper treatment due to their poor financial condition & ultimately humanity suffers with the blindness.

Keeping in view the above factors, Jeev Sewa Sansthan (JSS), with the benign support of philanthropist like your goodself, is in the process of setting up a new Hospital in the name of ‘Sewa Sadan Super Speciality Eye Hospital’ (SSSSEH) on 5.00 acres of land at Gandhinagar- Ayodhya Bye-Pass Square on Bhopal-Jaipur Highway, near International Airport of Bhopal having distinct blocks and enough parking space coupled with better road connectivity to various parts of the main city.

- **Total estimated cost of project is INR 25.00 Crores.**
- **Total duration of project is around 2 years.**

We request our philanthropists to be helping hands for serving the suffering humanity by contributing & sponsoring the Wing/Floors/Units in the hospital mentioned hereunder:-
