Manav Sewa is Madhav Sewa

MESSAGE FROM MR. MANESH BALANI (DUBAI)

Our family has been involved in the 'Shewa Karyas' of Jeev Sewa Sansthan(JSS) for several years. I had the opportunity to visit Sant Nagari (Bhopal) in 2016 to witness various benevolent activities being run for transforming lives of needy sections of the society.

I was amazed to see that this "Pilgrimage of Service" where the core group of volunteers offer their selfless services with full vigour & dedication to ensure that the needy & less-privileged masses are actually benefitted from the contribution extended by the benefactors. When you meet & interact with the beneficiaries in Sant Nagari (Bhopal), you can see they have been personally looked after by the volunteers of JSS team. It is impressive to see their efficiency while organizing Mega Free Eye Camps, Urology Camps & Medical Camps which involve the logistics of accommodating overseas doctors and transporting hundreds of patients for each camp. My aim is to support, promote & create awareness for JSS so that network of beneficiaries could be increased with the help of benefactors.

EDUCATION - A POWERFUL TOOL FOR DEVELOPMENT

As it is rightly said, "Education holds a significant place in an individual's life". Proper education provides better understanding enabling the persons to face difficult challenges in all walks of life. An educated mind is the one which rules the world.

In layman's language, education is limited to getting marks or degree so as to earn livelihood. Education should not only restrict to getting degree but it also provides a platform for enhancement of knowledge, skills, talent and overall development of personality as an individual.

Nelson Mandela said "Education is the most powerful weapon which you can use to change the world." Education is the key to eliminate gender inequality, reduce poverty, create sustainable planet, prevent needless deaths & illness and promote peace. In a knowledge economy, education is the new currency by which nations maintain economic competitiveness and global prosperity.

Education is an investment, and one of the most critical investments we can make. Expanding education access for girls is not just an urgent economic and social need. In many cases, it is literally a matter of life and death. An educated mother can better protect her children from diseases like AIDS, Cancer, Malaria etc. A child born to an educated mother is 50 percent more likely to survive post age five. Education is the basic key for transforming the nation from 'Poverty to Prosperity'.

Paramhans Sant Hirdaram Sahibji, a modest saint, motivated his devotees, followers and donors to contribute for transformation of the society by setting up schools and hospital which indeed are the real places of worship. Rev. Siddh Bhauji, a staunch disciple of Paramhans Santji, has taken his vision to a greater height by inculcating quality education among children with a strong value system based on Indian culture, morality, patriotism and worldly brotherhood. Under his guidance, sphere of enlightenment marvellously laid down an impact on multitude of society by the way for resplendence of literacy, education and good health. As much as 14 schools and 3 colleges are set up with the support of philanthropists from USA & Hong Kong and one more school is in process of setting up with the support of philanthropist from Dubai. These schools are managed by associate/allied of JSS in which around 70% are girl students.

Our organisation with the support of philanthropists across the world provides education sponsorship to needy children whose parents are not able to afford their education. We are transforming children particularly girls by making them competitive, compatible & self-reliant so that they can lead a respectable life. Till date, as many as 9081 students have been educated and have become responsible citizen of the nation.

As education is the foundation of peace & prosperity hence we cannot imagine a better world without commitment to provide better education to women and youth. Therefore, we urge all of you to reinvigorate our efforts to accelerate progress in improving access, quality and achievement of the students worldwide.

- Hero Gyanchandani

PHILANTHROPIC GESTURE OF RESP. DADA T K DARYANANI

Millions of bright students across the world live in crushing poverty. Their parents are unable to meet their basic educational needs. As a result, they are forced to drop-out without accomplishing their basic education. If they remain uneducated & unemployed, their families will never break the vicious circle of poverty. Besides, these less-privileged children may adopt unfair means for their sustenance.

In order to fight against this demon, Resp. Dada T K Daryanani, renowned philanthropist of Hong Kong provided education scholarship to 20 specially-abled students of 'Saraswati Vidya Mandir Higher Secondary School' being run by 'Vidya Bharti'. He further said, "If purpose is pure, success is sure. The Almighty showers blessings upon those who always help and serve needy, deserving and specially-abled children."

All the students felt overjoyed to receive the scholarship for education. All the

attendants prayed to the Almighty to rest Resp. Dada's soul in peace & provide enough strength to Dear Suraj & Deepak to continue the legacy of their father.

Motivational sessions by Dr. S. Neelkanthan, Mumbai

Shaheed Hemu Kalani Educational Society (SHKES) and Jeev Sewa Sansthan (JSS) jointly organized following motivational sessions by world-renowned & transformational speaker, Dr. S. Neelkanthan. The following sessions were organized from 26th to 28th September'2019 in Sant Hirdaram Auditorium in the pious presence of Rev. Siddh Bhauji and attended by senior volunteers, students, parents, management staff and faculty members.

- ◆ Applied emotional intelligence for Life Management (Specifically for college students of SHGC, SHIM, SHCYNS)
- ◆ Get whatever you desire: Principles of Growth (Specifically for school students of NHLPS & MGPS)
- ◆ Happy Parents: Happy Children Modern Age Parenting is beyond a natural process (Specifically for Parents)

On 26th September'2019, Dr. S. Neelkanthan shared his experiences about emotions. He depicted various types of emotional feelings like anger, happiness, jealousy, sorrow, depression, feeling low, lack of confidence etc. He further explained that nowadays recruiters immensely rely on the value of Emotional Intelligence (EI) as one of the key indicators for employee's performance, teamwork, resilience, and longevity. That is a major reason for wide acceptance of Emotional Intelligence as it facilitates superior educational & professional performance. Emotional Intelligence enhances your ability to lead and manage own self and others more effectively to live a healthy, progressive and joyful life. If we react & respond in a pleasing manner, than it will be a "win-win" situation for everyone, thereby leading to happiness.

On 27th September'2019, Dr. S. Neelkanthan said, "Goal setting is the first step to achieve quantum leap in life. Goals are a necessary tool of life planning. Setting a goal requires you to think about yourself, and helps you realize what you truly want in life. You have the power to control your own life, and you are free to give whatever meaning to it, whatever you desire." He further said, "Nowadays, depression is used widely whereas in psychology there is no specific term as depression. Infact, one who is full of self-confident having strong character will face all adversities in life with encouragement & enthusiasm without any stress.

On 28th Septemebr'2019, Dr. S. Neelkanthan addressed the parents saying, "You are the role-model of your children. Children grow up watching their parents. It is your sole responsibility to demonstrate them how to live a fulfilling & happy life. Spend quality time with your children. Allow your children to feel comfortable to come and speak with you. Your child needs to hear that he/she is top priority in your life. One of the greatest gifts you can give your child is the ability to analyze and solve problems. Trust your child to decide for himself what he wants. As parents, always teach your children to be empathetic and compassionate towards others. Take them to a homeless shelter, orphanages, Ashrams etc. Allow them to witness how fortunate they are to have what they have at home. Teach your child to be a good listener, to interact without the use of technology, to be empathetic to others, and not judge anyone based on their caste, creed, religion or nationality. Exposing your child to different cultures helps develop a loving, kind, and happy person."

At last, Dr. Neelkanthan taught meditation and the audience virtually did with the help of the video & audio developed by him.

Dr. Neelkanthan explained emotional Intelligence enhances ability to lead and manage own self and others more effectively to live a healthy, progressive and joyful life. If we react & respond in a pleasing manner, than it will be a "win-win" situation for everyone, thereby leading to happiness.

It is through gratitude for the present moment that the spiritual dimension of life opens up.

‘MOMENT OF CALM’ OBSERVED IN VARIOUS ORGANISATIONS

Every year, 2nd August is observed as ‘Global Forgiveness Day’ all across the world in commemoration of birthday of Rev. Dada J.P. Vaswani.

This year too, on 2nd August’19, all the professors, teachers, staff members, students, doctors, para-medical staff, management staff & volunteers of ‘Jeev Sewa Sansthan’ & its associated organizations observed 2-minutes “MOMENT OF CALM” to pay tribute to Rev. Dada J P Vaswani on his 101st Birthday. This virtuous “MOMENT OF CALM” proved to be a life-changing experience for all the participants as they felt eternally contented by forgiving & clearing their heart of ill-feelings.

Various motivational sessions were also organised in Sant Nagari (Bhopal) in order to inculcate the virtues of forgiveness & blissfulness so that they forgive others, feel free and spread the message of peace, love & happiness all around them. On this occasion, the soul awakening ‘Forgiveness Prayer by Rev. Dada J P Vaswani’ was circulated amongst organisations & educational institutions.

We consider ourselves fortunate to be associated with this noble mission of ‘Forgiveness Campaign’ started by Rev. Dada J P Vaswani. Everyone who treads on his teachings could ultimately transform & lead their lives peacefully & purposefully. As it is rightly said, “Forgiveness allows getting freedom from the grievances, penalties and shackles of past mistakes. It heals the one who forgives – and the one who is forgiven.”

“SUCCESSFUL LIFE”

Ask yourself just two questions :

1. Whatever we have got from world, in return, by how many folds we have given it back to the world?
2. What are we doing for achieving “Real Goal” of life i.e. to be ‘ONE’ with our ‘God’?

It has no meaning how long we lived in this rare human form. Successfulness of life will be measured the degree of positive response in respect.

— **Paramhans Sant Hirdaram Sahib**

GURU PURNIMA CELEBRATED IN EDUCATIONAL INSTITUTIONS OF SHKES

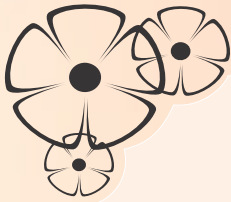

Guru Purnima is the day when the great sage, Vedvyasa, the author of the Mahabharata was born. It is also said that the day earmarks the first sermon-Lord Gautam Buddha gave in Sarnath. Therefore, over the ages, this day is marked as reverence, surrender, love, affection and honour towards one's teacher (Guru) offered by the students.

On 16th July, 2019, Guru-Purnima festival was celebrated with full fervor and enthusiasm in all the schools and colleges (14 schools and 3 colleges) being run under the aegis of Shaheed Hemu Kalani Educational Society (SHKES), Sudhar Sabha, Laxmi Devi Vikyomal Shroff Educational Society (LVSES) set up with the blessings of Paramhans Sant Hirdaram Sahibji and guidance of Rev. Siddh Bhauji has been imbibing in

the students through various spiritual sessions he holds throughout the year. He emphasizes that the Guru one has at home are one's mother and father and then the teachers. These three personalities leave causing; can never ever think of any harm to their children. Therefore, it is the prime duty of every child to obey them, listen to them, come to school by respectfully touching their feet, never shout at them, take care of them (when parents become old), confide in them all the day's happenings (particularly, mothers) etc. Rev. Bhauji assures the students that if they pursue these things, their fortune will flourish and they will attain greater heights in their lives.

We take this opportunity to convey our heartfelt gratitude to the philanthropists who have generously donated for setting up these epitomes of knowledge which is continuing to groom the students with all amenities and empowering them with the strongest weapon of 'EDUCATION'.

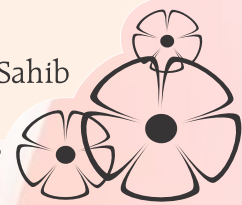

Do not neglect to do good and to share what you have, for such sacrifices are pleasing to God.
