"KARMA"

– THE SHEER POWER TO TRANSFORM YOUR LIFE

Have you wondered why some people go through life smoothly while others face all kinds of challenges? The law of Karma answers such questions. It states that life is governed by a system of cause & effect. It is akin to Newton's law of gravity which states that every action has an equal & opposite reaction. Action is like a seed that grows into a tree. A negative action will only result in grief & sorrow; it cannot give you happiness. Infact, if you desire happiness, you must implant happy seeds.

Among all the creations of God, we human beings alone have the ability to see the invisible, to do the impossible and to achieve the unbelievable. We are blessed with the power to change our life only when we realise the truth about karma. Karma is the cause for all the experiences you have; it has the power to control the experience. Money can buy you medicines not health and it can buy you pleasure not happiness. All these essentials are decided by your karma, not money.

In simple terms, your destiny is decided by your karma. Karma is the axle around which life revolves. Every human has the power to change his destiny by changing his karma. One has no power to control their karma but has all the power to change the karma. For this, first we should have clarity about what we want to experience in future. Presently we might be facing a problem, but we need to give ourselves a good time to think about what we want to see as a manifestation in the future.

Even the ancient holy Book of India, **Bhagavad Gita** suggests that the soul leaves when the body dies. The type of body and psychological disposition — likes, dislikes, phobias, etc., one receives upon rebirth is dependent on the actions (karma) within that one life combined with the actions from previous lives. The theory of reincarnation connects the unexplained disappearance of traits & aspirations at death with the inexplicable appearance of the same at birth. By some inconceivable system, all of one's positive and negative deeds are recorded. Moreover, all positive and negative actions create within the individual a psychological disposition to continue performing that action. Just as a person discards old clothes to don new ones, a person discards a body and environment no longer conducive for the fulfilment of his desires & moves to another body. This leads to believe that our next life depends on our acts and deeds in the present life which are called our "Karma".

If a person's karma is such that he is suffering then he has an opportunity to alleviate that suffering in whatever way he can: doing so would be good karma. He need not be unduly heroic, but can always offer a helping hand or at least a simple soothing word.

As Lord Krishna preaches in **Bhagavad Gita** that Karma Yogi is one who does good to the entire world and loves all its beings selflessly.

Infact, our Gurudev- Paramhans Sant Hirdaram Sahibji taught all of us to be a Karma Yogi by rendering our lives with compassion in service of Humanity and extending helping hands selflessly to our needy brethren which is true service to GOD. Rev. Siddh Bhauji, a staunch disciple, successor of Paramhans Santji and in true sense "KARMA YOGI" religiously leads, guides and motivates all the philanthropists and volunteers to be on the path of service by availing an opportunity to alleviate that suffering in whatever way we can: doing so would be good karma.

So let us all take pledge to continue the benevolence of selfless service so as to make this world a place full of mutual empathy seeped in charitable ideals of eradicating poverty at all levels which will be true homage to Paramhans Santji as well as true veneration to "Rev. Siddh Bhauji – the Karma Yogi".

## ❁ Reciting Chimes of Pious Akhand Ramdhuni ❁

*Mr. Mahesh Dayaramani, Rev. Siddh Bhauji & Shri K H Lakhani on the pious occasion of Akhand Ram Dhuni*

With the inspiration and blessings of Paramhans Sant Hirdaramji Sahib, 6-days eternal pious Akhand Ramdhuni began with full devotion & enthusiasm on 20<sup>th</sup> December, 2019 in Sadhu Vaswani Park, Sant Hirdaram Nagar (Bhopal) in the pious presence of Rev. Siddh Bhauji. Various philanthropists from all across the world like Smt. Akhand Ramdhuni is being organized in Sant

Nagri since last 54 years.

Akhand Ramdhuni is the sacred utterances or continuous chanting of the names of incarnations of God i.e., Lord Rama and Lord Krishna in a rhythmic way without any break. In the preliminary stages of chanting, the devotees experience a clearing of consciousness, peace of mind and relief from unwanted drives & habits. As one develops more realization by chanting, he perceives the original, spiritual existence for the self. According to the BHAGWAT GEETA, "This enlightened state is characterized by one's ability to see the self by the pure

mind and to relish and rejoice in the self." The result of chanting is that one awakens his love for Lord Rama and Lord Krishna and tastes transcendental bliss.

While appreciating this pious event, Shri K H Lakhani said that he is feeling rejuvenated & blissfulness and promised to keep attending Akhand Ramdhuni every year. He urged the devotees to keep serving the needy brethren so as to attain eternal contentment & happiness in their lives as serving His creatures is true worship to the Almighty.

❁ APPEAL ❁

Dear Philanthropists,

**A Step Towards Eradication of Blindness Through**

**SEWA SADAN SUPER SPECIALITY EYE HOSPITAL  
Gondarmau, Gandhinagar - Ayodhya Bye-Pass, Bhopal**

**BRIEF OF SEWA SADAN EYE HOSPITAL**

**(Existing Eye Hospital)**

**(A Synonym of Sight Saviour &**

**Dedicated in Service to Humanity)**

With the blessings of Paramhans Sant Hirdaram Sahibji and motivation of Rev. Siddh Bhauji, Sewa Sadan Eye **Hospital Trust** came into existence in 1987 after the infamous Bhopal Gas Tragedy to serve the suffering humanity, as eye was the most affected part in the tragedy. Providing quality treatment that too at nominal cost has been attracting numerous eye-patients due to which the turn-out of patients has enhanced with every passing day. Almost 100 Free Eye Camps are being organised thereby serving 127,000+ eye patients every year. This hospital is situated in a residential area and insufficient to cope with the emerging needs of the patients. Secondly, many eye patients require “specialized eye treatment” for which they are being referred to other Super Specialty Eye Hospitals at Mumbai, Chennai, Hyderabad, Delhi etc. Unfortunately, many of these patients cannot afford to

visit these places for proper treatment due to their poor financial condition & ultimately humanity suffers with the blindness.

Keeping in view the above factors, Jeev Sewa Sansthan (JSS) with the benign support of philanthropist like your goodself is in the process of setting up a new Hospital in the name of ‘Sewa Sadan Super Speciality Eye Hospital’ (SSSSEH) on 5.00 acres of land at Gandhinagar-Ayodhya Bye-Pass Square on Bhopal-Jaipur Highway, near International Airport of Bhopal having distinct blocks and enough parking space coupled with better road connectivity to various parts of the main city.

- **Total estimated cost of this project is INR 25.00 Crores.**
- **Total duration of project is around 2 years.**

We request our philanthropists to be a helping hand for serving the suffering humanity by contributing & sponsoring the Wing/Floors/Units in the hospital mentioned here under:-
