

ACTIVITIES AND ORGANIZATIONAL STRUCTURE IN DETAIL

Paramhans Santji never believed in setting up temples. In fact, he considered schools, hospitals and other related institutions as real temples wherein the old, the infirm and the children are being served. The focus of all the benevolent activities has particularly been on HEALTH and EDUCATION. He used to motivate that in these real temples, if the people, who are seeking benefit, are needy, poor, downtrodden and helpless, it is the REAL WORSHIP OF GOD. The persons involved in these activities and directly or indirectly providing monetary help or otherwise, do receive grace of God as the prayers and blessings emanating from these sections of society are truly listened by Him.

ACTIVITIES DIRECTLY RUN BY JEEV SEWA SANSTHAN

(i) **HELPING POOR WIDOWS (Since 2004)**

The most precious thing in the life of a woman is her husband. She offers worship, observes fasts and makes all efforts to ensure his long life. When the blow of destiny snatches away her soul-mate, she almost goes out of senses and finds her life worthless. Her agony increases manifold when she finds that her husband was the only earning member in the family. These widows are required to be helped for such time till their children grow up and start earning or their economic conditions improve due to other factors like re-marriage etc. In view of the above, with the blessings of Paramhans Santji, we have been extending a helping hand to these helpless widows by providing monthly financial help.

Mrs. Samara & Mr. Ritesh Punjabi (Dubai)

(ii) **MONTHLY RATION TO POOR FAMILIES (Since 1990)**

Ration is provided to poor families who have no financial resources or whose sole family member is not able to earn enough to look-after the family needs. They are provided the needed quantity of grocery, flour, rice, oil, and other edible material to run their family.

Mrs. Urvi Deepak Widhani (London)

(iii) **DIETARY HELP TO EXPECTANT MOTHERS (Since 2008)**
