

PARAMHANS SANT HIRDARAM SAHIB

Paramhans Sant Hirdaram Sahib was a symbol of simplicity even though endowed with enormous spiritual strength, a great thinker of world brotherhood, a synonym of the mission to uplift the down-trodden, the sufferers, the underprivileged. He was born on 21.09.1906 in a small village, Bhirya Bhagun in Distt. Nawabshah (Sindh). Master Hirdaram, far away from worldly attractions since childhood, embraced “Sanyasa” (Renouncing the world) at the age of 18 in the guidance of his Guru, His Holiness Baba Hariram Sahib. He decided to remain Bal Brahmachari (Bachelor throughout the life) so that he can devote his entire life for Devotion of Almighty and upliftment of the society without any distractions.

Whosoever, be the simplest man or a dignitary like the Governor or Minister, met this spiritual soul, was impressed with his aura. His only message to everyone was “Do something to help your fellow brethren”. His service philosophy is a think-tank for everyone irrespective of the caste, colour, creed or nationality: -

*“The old, the infirm and the children,
Are the real forms of God.
Serve them with heart & soul,
And win laurels of the Lord.”*

Paramhans Santji united with the Supreme soul on 21.12.2006, after completing 100 years of age. Today, he is not physically among us but his blessings & inspiration are always with us for marching ahead on the path shown by him.

REV. SIDDH BHAUJI
Our Motivational &
Guiding Source

For carrying out the benevolent intentions of Paramhans Santji, a youth, Mr. Hotchand Dhanwani came forward. In view of his total dedication towards the above mentioned Service Philosophy, he was renamed by the Saint as “Siddh”(meaning he will be successful in every walk of life). This youth is adorably popular amongst the masses and, therefore, is called “Rev. Siddh Bhau”. His wisdom, ideals, patriotism, co-ordination of activities, constant motivation, guidance and encouragement to the young volunteers - all these qualities have made him an institution in himself. Although the blessings & inspiration of Paramhans Santji are the most important factors for the benevolent activities, yet the contribution of Rev. Siddh Bhauji is like that of Swami Vivekananda for continuing the mission of his Guru Ramkrishna Paramhans.

SEWA SANKALP DHAM

Paramhans Sant Hirdaram Sahib spent maximum time in a small hut type dwelling at Bairagarh (since re-named as Sant Hirdaram Nagar) Bhopal. As per his wishes, after he united with the Supreme Soul on 21.12.2006, his body was piously cremated within the campus of this dwelling. A Samadhi was created over this sacred place and the entire campus was re-named as **Sewa Sankalp Dham**. Faith, reverence and affection of the people of this township and across the country as well as the world was so staunch in Paramhans Santji and his Service Philosophy that this place has now become a pilgrimage for them. The front opening has been created in such a way that the Samadhi is visible from outside, without entering into the campus. Daily, thousands of people visit this place or lessen speed of their vehicles and bow down heads while passing the main road from where it is visible. Many tie threads on the branches of the shrubs surrounding this place and beg the holy Saint to fulfill their desires - be it cure from any disease, be it seeking prosperity or be it leading a peaceful life. Paramhans Santji always used to say that it is only the unshakable faith of the devotees in him that makes their desires fulfilled. And, whosoever following his advice, renders selfless service to the suffering creation of God either in free eye/urology camps or by contributing in various service activities, his desires are easily fulfilled with the blessings of those benefitting from such services. Every year, on his pious Birthday -21st September and Mahaprayan Diwas (uniting with the Supreme Soul) - 21st December, the number of people visiting this place turns into lakhs. Definitely, this place, Sewa Sankalp Dham, has been proving its name given, as people, after visiting this place, are automatically moulded towards the activities of Sewa and Sumiran. Indeed, a place worth to be visited and worshipped for all those who find darshanas of their Ishtdeva (form of God being worshipped by them) in the faces of the hapless brethren needing helping hands.

JEEV SEWA SANSTHAN

DEDICATED TO UPLIFT THE SOCIETY

UPLIFTMENT OF THE SOCIETY

The existence of man cannot be imagined without society. With the advent of new avenues of information technology, society is not limited to villages, suburbs, cities or countries. Nowadays, it encompasses the entire world. Keeping this aspect in mind, the sages and seers of India have been stressing on imbibing the feelings of world brotherhood in every human being, since time immemorial. The reason that the affluent countries come forward to extend a helping hand for the have-nots is only the feelings of world-brotherhood.

If illiteracy, poverty, unemployment, factors leading to diseases and erosion in human values are removed or lessened, the entire world would become such a pleasant place to live in as to be craved even by Gods. It is, therefore, in the interest of all of us to step forward towards making the society a really worth living one. Let upliftment of the society be a mission for all of us.
